

Duration: 1 Day

### Prerequisites:

Students should have a good working knowledge of Autodesk CAD programs and have working knowledge of Autodesk Vault Basic and Autodesk Vault document management features.

### Course Outline

Autodesk® Vault Professional Essentials training guide provides instructions to features of Autodesk® Vault Professional software. The focus of this training guide is Bill of Material (BOM) management and Engineering Change Order (ECO) process. This training guide also provides you with an overview of using the Autodesk Vault Professional software with the AutoCAD® Civil 3D® software and Autodesk® Revit® products.

This training guide is intended for users with knowledge of all Autodesk Vault Basic and Autodesk Vault document management features. It focuses on the features of Autodesk Vault Professional pertaining to BOM and ECO's. Hands-on exercises are included to reinforce usage of items, BOM's, ECO's, and automated workflows. Exercises on using Autodesk Vault Professional with the AutoCAD Civil 3D software, the Autodesk Revit software, and Web Client are also included.

### Topics include:

- Introduction to Autodesk Vault Professional
- Working with Items
- Managing Change
- Working with Bills of Material
- Administering Autodesk Vault Professional
- Reporting
- Working with AutoCAD Civil 3D
- Working with Autodesk Revit
- Web Client
